INDEPENDENT
SUSPENSION

40

MILE RANGE
BETWEEN CHARGES*

MAKES EVERY PATH THE PATH OF LEAST RESISTANCE.

The independent suspension on the Recoil® iS turns every mountain into a molehill. That's good news, because with its silent 72-volt AC electric drivetrain and 40-mile range between charges*, you're gonna be out there for a while. Behind you, a rugged cargo bed can haul in the day's kill — or be converted into two more seats to haul the whole group. Either way, the fully-electric 4WD Recoil iS keeps you comfortably in command.
