

# 2018 XF 6000 High Country ES

MSRP \$11,599 USD\*

+ Destination Charge: \$400 (\$500 Alaska)

## AVAILABLE COLORS

Orange

## Engine Specifications

|                                 |                                                              |
|---------------------------------|--------------------------------------------------------------|
| Type                            | 2-stroke                                                     |
| Displacement (cc)               | 599                                                          |
| Cooling                         | Liquid                                                       |
| Cylinders                       | 2                                                            |
| Bore x Stroke (mm)              | 73.8 x 70                                                    |
| Lubrication                     | Electronic injection                                         |
| Ignition                        | Digitally Controlled CDI                                     |
| Engine Stator Output            | 325 Watts                                                    |
| Fuel Delivery                   | Dual stage injection                                         |
| Exhaust                         | APV with tuned pipe, pipe sensor and stainless steel muffler |
| Fuel Capacity gal. (l)          | 11.7 (44.29)                                                 |
| Oil System Capacity qt. (l)     | 3.6 (3.41)                                                   |
| Coolant System Capacity qt. (l) | 6.2 (5.87)                                                   |
| Minimum Octane                  | 91                                                           |

## Suspension Specifications

|                       |                                                |
|-----------------------|------------------------------------------------|
| Front Suspension      | Arctic Mountain Suspension (AMS) with sway bar |
| Ski Shocks            | Arctic Cat IFP 1.5                             |
| Front Travel in. (cm) | 9 (22.86)                                      |
| Rear Suspension       | FLOAT-ACTION Rear Suspension                   |
| Front Track Shock     | Arctic Cat IFP 1.5                             |
| Rear Track Shock      | Arctic Cat IFP 1.5                             |
| Rear Travel in. (cm)  | 14.5 (36.83)                                   |

## Dimensions Specifications

|                                 |                                     |
|---------------------------------|-------------------------------------|
| Chassis Overall Length in. (cm) | 131 (332.74)                        |
| Chassis Overall Width in. (cm)  | 45.5-49.5 (115.57-125.73)           |
| Chassis Overall Height in. (cm) | 50 (127)                            |
| Track Type                      | Power Claw                          |
| Track Width in. (cm)            | 15 (38.1)                           |
| Track Length in. (cm)           | 141 (358.14)                        |
| Lug in. (cm)                    | 2.25 (5.72)                         |
| Pitch in. (cm)                  | 3.00 (7.62)                         |
| Ski Stance in. (cm)             | 38.5-42.5 (97.79-107.95) Adjustable |
| Ski Type / Width in. (cm)       | ProClimb - 7 (17.78)                |
| Runner Type                     | Single runner w/carbide             |

## Instrumentation Specifications

|               |                         |
|---------------|-------------------------|
| Type of Gauge | Deluxe Digital          |
| Speedometer   | Digital                 |
| Tachometer    | Digital                 |
| Odometer      | Digital                 |
| Fuel          | Digital                 |
| Oil           | Indicator Light         |
| Coolant       | Digital/Indicator Light |
| Altimeter     | Digital                 |
| Hours         | Digital                 |

## Feature Specifications

|                            |                                                |
|----------------------------|------------------------------------------------|
| 12V Outlet                 | Standard                                       |
| Electric Start             | Standard                                       |
| Front Bumper               | Sport                                          |
| Goggle Holder              | Accessory                                      |
| Hand & Thumb Warmers       | Standard                                       |
| Hand Guards                | Accessory                                      |
| Headlights                 | Dual halogen 2-bulb                            |
| Ice Scratchers             | Accessory                                      |
| Lightweight Brake Disc     | Accessory                                      |
| Mirrors                    | Accessory                                      |
| Mountain Strap             | Standard                                       |
| Rear Rack                  | Accessory                                      |
| Rear Storage               | Mountain Storage Bag                           |
| Seat                       | Mountain                                       |
| Side Panel Wind Deflectors | Accessory                                      |
| Sno Pro Brake Lever        | Accessory                                      |
| Steering                   | Telescoping with adjustable mountain handlebar |
| Tether Switch              | Accessory                                      |
| Tow Hitch                  | Accessory                                      |
| Tunnel Flare               | Accessory                                      |
| Visor Plug-ins             | Accessory                                      |
| Windshield                 | 3 in. Mountain-height                          |

## Powertrain Specifications

|                            |                                             |
|----------------------------|---------------------------------------------|
| Drive Clutch               | TEAM Rapid Response II                      |
| Driven Clutch              | TEAM Rapid Reaction BOSS                    |
| Drive System               | Arctic Drive System (ADS)                   |
| Brakes                     | Race radial master cylinder hydraulic brake |
| Clutch Calibration ft. (m) | 0-5,000 (0-1,524)                           |
| Gearing                    | 19/50                                       |
| Chain Pitch                | 90                                          |
| Reverse                    | Push-button Engine                          |
