WILDCAT[®] XX BLACK HILLS EDITION

TO RIDE AND CONQUER.

Engineered specifically for the toughest trails, the Wildcat XX Black Hills Edition is built with the same off-road racing inspired suspension system as the legendary Wildcat XX. With a lower low gear and enhanced 32-inch trail tires, this side-by-side makes it easier than ever to dig into tricky terrains. Add in the premium standard features such as a spacious cabin, ADAPT clutch system, Garmin Tread Powersport Navigator, and aluminum roof, and you're in for the ride of your life.

*Please contact your local dealer for accessory availability. Accessories shown are subject to change. WARNING: Arctic Cat vehicles can be hazardous to operate. For your safety, all riders should always wear a seat belt (Side-by-Sides), helmet, eye protection, and protective clothing. Riding and alcohol/drugs don't mix. Passengers must be able to place both feet flat on the floor while keeping their back against the back of the seat and able to reach an available hand hold (outboard passenger only). Arctic Cat recommends that all operators take a safety training course. For safety and training information, please see your dealer or visit www.ROHVA.org (Side-by-Sides). Arctic Cat vehicles are for operators age 16 years and older with a valid driver's license. Read the owner's manual before operating. ©2022 Textron Specialized Vehicles Inc. 82767-G1 (Rev. 08/2022)
